Logo placement guidelines

- The Cambridge International School logo must be secondary in size and position to your own identity (see main guidelines for examples).
- There must not be any confusion regarding your identity as an organisation independent of us.

Your school name and/or logo must be at the top.

Our logo **must be smaller and secondary in size and position**, placed at the bottom of printed materials or on websites.

Example letterhead logo placement

Logo usage

You must never use the shield from the logo on its own, it must **always** be used as part of the Cambridge International School logo.

Important information
